## DEAN'S MESSAGE

"Our successful 2011 reaccreditation strongly validated that our practicing physicians are great teachers, role models and mentors for medical students. We continue to expand our legacy as the Daytona Beach Regional Campus matures. We graduated our third class and now count 43 alumni from this campus in postgraduate medical training across the nation. Several are rapidly approaching the final years of their residency. When I pestered one graduate about possibly returning to the area to practice, he got serious and answered, 'I would love to come back to the Daytona area to practice. If I do not come back, I can only hope I can practice in a community with the caliber of physicians and the collegiality of the medical community that I saw when I was in school at Daytona.'"

*Luckey Dunn, M.D., Campus Dean*
