ACADEMIC APPOINTMENTS

2007-Present Assistant Scientist/Scholar, Department of Medical Humanities & Social Sciences,
Florida State University College of Medicine

EDUCATION

2005-2007 NRSA Postdoctoral Research Fellow, NIH/NIDDK T32 DK063929
Cincinnati Children's Hospital Medical Center
Division of Behavioral Medicine and Clinical Psychology
Advisor: Scott W. Powers, Ph.D.

2005 Ph.D. in Clinical Psychology, Florida State University
Dissertation: Children's response styles and risk for depression and anxiety:
Developmental and sex differences
Advisor: Janet A. Kistner, Ph.D.

2004-2005 American Psychological Association Accredited Internship
Children's Hospital and Clinics of Minnesota
Clinical child and pediatric psychology emphasis

2001 M.S. in Clinical Psychology, Florida State University
Thesis: Efficacy of a computer-assisted instruction phonological sensitivity and
letter knowledge program with children from low-income preschools
Advisor: Christopher J. Lonigan, Ph.D.

1994 B.A. in Psychology, Cum Laude, Miami University
Thesis: The creation of imaginary companions in preschool aged children:
Relationships between children, imaginary companions, and play
Advisor: Julie S. Rubin, Ph.D.

TEACHING AND MENTORING ACTIVITIES

Medical Teaching

Doctoring 1 (BMS 6015, 6016, 6017; Small group co-facilitator). Doctoring I is the first component of a three year longitudinal curriculum with an educational mission of imparting to each medical student graduate the fundamental patient centered skills important in health and disease as the basis of safe and effective patient care. Medical students develop an appreciation of the basic history and physical examination across the lifespan using a biopsychosocial approach that incorporates behavioral medicine, medical humanities, bioethics, information technology, and professionalism to enhance understanding and development of clinical skills. Florida State University College of Medicine; Fall 2007, Spring 2008, Summer 2008, Fall 2008, Spring 2009, Fall 2009.

Medical Student Mentoring

Summer Research Fellowship Program. Provided medical students with the opportunity to conduct patient-oriented research including the following activities: recruiting patients for participation in studies, collecting data, interacting with parents, patients and medical personnel, conducting literature reviews and statistical analysis, and creating poster presentations. Florida State University College of Medicine

- Zarna Dayha, Depressive Symptoms in Caregivers of Children with Type 1 Diabetes (Summer 2008)
- Jesse Basford, Insulin Adherence in Children and Adolescents with Type 1 Diabetes (Summer 2009)

Medical Teaching Guest Lectures

Child Psychopathology. Guest lectures presented to Year 2 medical students for Medicine and Behavior II course. Florida State University College of Medicine. Fall 2008.

Assessing Adherence with Complex Medical Regimens. Guest lecture presented to Year 2 medical students for Medicine and Behavior II course. Florida State University College of Medicine. Spring 2008.

Adjustment to Chronic Illness. Guest lecture to Year 2 medical students for Medicine and Behavior II course. Florida State University College of Medicine. Spring 2009.

Other Medical Teaching

Medicine and Behavior II. Small group co-facilitator to Year 2 medical students for lectures on psychoanalytic theory, learning theory, and child psychopathology. Florida State University College of Medicine; Fall 2007; Fall 2009.

Integrated Case: Diabetes. Small group co-facilitator to Year 2 medical students. Florida State University College of Medicine; Spring 2009.

Graduate Teaching

Clinical Supervision (PSY 5941). Provided evidenced-based clinical supervision to four advanced clinical psychology graduate students with a focus on cognitive behavioral therapy. Florida State University Department of Psychology; Spring 2008.

Clinical Training: Test of Everyday Attention for Children (TEA-Ch). Provided didactic instruction to graduate students and pre-doctoral interns at the Florida State University Multidisciplinary Center. Fall 2007, Fall 2008, Fall 2009.

Treatment of Feeding Disorders in Young Children with Cystic Fibrosis. Guest lecture to second and third year clinical graduate students. Florida State University Department of Psychology; Spring 2009.

Undergraduate Teaching

Abnormal Child Psychology (CLP 4134). The broad goal of this course was to familiarize students with current perspectives on the nature, causes, assessment, treatment, and prevention of child psychopathology and related family dysfunction. This included discussion of anxiety, depression, hyperactivity, conduct problems, learning impairments, parent-child conflict, and pediatrics. The course targeted psychiatric disorders emerging in childhood and adolescence. However, an emphasis was placed on the development and progression of these disorders prior to the teenage years. Florida State University Department of Psychology; Summer 2004, Fall 2008.

General Psychology (PSY 2012). An introduction to the field of psychology designed to introduce the study of behavior and mental processes for majors and non-majors, interrelating personality, perception, learning, nervous system, emotions, and other factors of human behavior. Tallahassee Community College; Spring 2004.

Psychology of Personal and Social Adjustment (CLP 1002). A study of personality development and of what adjustment means in areas of vocations, avocation, sex, education, morality, and in society in general. Tallahassee Community College; Summer 2004.

Sensation and Perception Laboratory (EXP 3202L). This lab course accompanied the Sensation & Perception (EXP 3202) lecture. It addressed the anatomy and physiology of the five senses of audition, somatosensation, gustation, olfaction, and vision. It provided students with experiences in scientific theory, experimental design, data collection, data analysis, and data interpretation through hands-on experiments and writing lab reports. Florida State University Department of Psychology; Fall 2002, Spring 2003, Summer 2003, Fall 2003, Spring 2004.

Directed Individual Study. Supervised 3-7 undergraduate psychology and biology students in pediatric psychology with a focus on type 1 diabetes research projects. Florida State University College of Medicine; Fall 2007, Spring 2008, Summer 2008, Fall 2008, Spring 2009, Summer 2009, Fall 2009.

Undergraduate Honors Thesis Committees

Chair of Honors Thesis for Alana Resmini: *Blood glucose monitoring adherence and responsibility in children and adolescents with type 1 diabetes*. Florida State University College of Medicine; Fall 2007-Fall 2009.

Co-Chair of Honors Thesis for Amaly Johnson: *Negative affect: The role of rumination*. Florida State University Department of Psychology (2003-2004).

Undergraduate Guest Lectures

Introduction to Pediatric Psychology. Guest lecture to undergraduate psychology students for Careers in Psychology course. Fall 2007, Fall 2008, Fall 2009.
