Newcomer’s Club welcomes guest

SPECIAL TO THE CHRONICLE

Tallahassee Women’s Newcomers Club (TWNC) welcomed one of Tallahassee’s favorite sons, Dr. Ken Brummel-Smith, well-known for his extraordinarily voluminous knowledge on the process of aging to speak at its July luncheon.

He spoke specifically to medicine and the many possible unintended behavioral consequences in the use of prescription and over-the-counter drugs and included a quick educational commentary on the introduction of medical marijuana in Florida. For more information about TWNC, go to www.tallahassee newcomers.com, or email tallahassee newcomers@ gmail.com.

Dr. Ken Brummel-Smith is known for his knowledge on the process of aging.
