

Summer Research Fellowship Proposal Submission Form

2025 College of Medicine SRF proposals and supporting documents are due by **9:00 a.m. on Tuesday, February 11, 2025**. Submissions must be emailed to Reserach@med.fsu.edu.

Section I: Type of Research

Check the appropriate statement as it applies to your research.

My research involves *working with human subjects*, and I affirm that prior to starting my research:

I have completed the required CITI training in the protection of human subjects required by the FSU College of Medicine.

I will or have already submitted this project for approval by the appropriate Institutional Review Board(s) (e.g., FSU IRB, Tallahassee Memorial Hospital).*

* *Documentation required if your project is awarded funding.*

My research involves *working in a biomedical sciences lab*, and

I affirm that I have or will have completed the necessary lab safety training before starting my research.

I affirm that the study I will be working on has been approved by the Animal care and use committee (ACUC) office.

Section II: Attestation Statements

Student

By signing this form, I attest and affirm the following to be true:

- I developed, wrote, and submitted this SRF proposal.
- The signing faculty member has agreed to mentor me in conducting the proposed research project should it be funded.
- I am not remediating or repeating coursework required to complete the medical degree.
- I am available to complete the proposed research project this summer and commit to 10 weeks of full-time work.

- Should my proposal be selected for funding, I will not commit to substantial activity outside of conducting the proposed research, including FSU CoM Teaching Assistantship, Summer Institute Mentor position, or other endeavors that may impact my full-time commitment to research.

Faculty Mentor

By signing this form, I attest and affirm the following to be true:

- I reviewed the proposal prior to submission.
- This SRF proposal was drafted and written by the student and is not the product of others' written work.
- Should the proposal be funded, I agree to mentor the student on the proposed research project over the summer: 10 weeks of full-time work. I also agree to oversee the creation of the required poster.
- As applicable, I accept responsibility for seeing that the proposed research is submitted to the appropriate IRB(s) and/or that the student secures the appropriate training documentation.
