

Ashley Falk, MD, FAAFP Core Faculty

Bio

Hometown	Apple Valley, MN
Residency	University of Nebraska Medical Center
Medical School	University of Minnesota Medical School

Personal Note

Originally from chilly Minnesota, I am thrilled to have defrosted and joined the FSU Family Medicine Residency in Winter Haven. After medical school at the University of Minnesota, I completed my residency at the University of Nebraska Medical Center in conjunction with Offutt Air Force Base. I served in the US Air Force after graduation and had the opportunity to join the faculty at the University of Nebraska Family Medicine Residency teaching in their combined military/civilian residency program. A move to Florida allowed me to practice in a busy outpatient clinic just outside of Orlando. Now in Winter Haven, I am pleased to be back to full spectrum Family Medicine. When not at work, I enjoy running and spending time with my three children, husband and two pugs.
