

Interdisciplinary Medical Sciences Ambassadors

Our Mission:

- Share experiences about the majors, degree, courses, and seminars
- Provide helpful insight on course experiences, seminar content, and capstone project
- Provide students with resources on campus for engagement and academic success

Responsibilities:

- Be available for virtual appointments with students for a total of two hours per week
- Complement the IMS Advising services by providing accurate and helpful assistance to undergraduate peers
- Share experiences about involvement in pre-professional clubs and activities
- Help connect IMS peers to appropriate on campus resources

What does it take to become an IMS Ambassador?

- Must be an IMS Degree student majoring in CP, CPC, or HMPI
- Junior or Senior Standing
- Completing upper-level courses and electives to be able to give advice on choosing electives
- Be informed about IMS
- Have experiences on or off campus
- Be in good standing with your IMS experiential learning requirement
- Good communication and professionalism
