

IMS EL Database for Experiential Learning Hours

A step-by-step guide to documenting Experiential Learning (EL) hours

Step 1: Accessing the Database

- The IMS Database is only for IMS students
- Access the Database at: <https://public.med.fsu.edu/IMS>
- Log into the Database using your FSU username and password
- Arrive at your dashboard.

The screenshot shows the IMS EXPERIENTIAL LEARNING dashboard. At the top left is the Florida State University logo and the text "FLORIDA STATE UNIVERSITY COLLEGE OF MEDICINE". The main heading is "IMS EXPERIENTIAL LEARNING". Below this are navigation links: "DASHBOARD", "MY PROFILE", and "LOG OUT". On the left side, there are input fields for "Name", "Phone Number", and "Email", along with an "Edit My Profile" button and a link to "Request New Experiential Learning Activity". On the right side, there is a table with columns for "Academic Year", "Completed", "In Progress", and "Requested". The table shows "Hours Completed", "Hours In Progress", and "Hours Requested" all set to 0. A footnote at the bottom right states: "Students are required to obtain a minimum of 64 experiential learning hours each academic year for a total of 256 hours before graduation. However, the expectation for health professions schools—and your seminar experiences—is that you demonstrate a long-term commitment to service and a solid understanding of the health care context as it relates to your career goals."
