| Agreement | | | |
| Safety information of the gene of interest has been provided above to the best knowledge of the Primary Investigator (PI). The PI has or will register the vector described above with the Institutional Biosafety Committee or its equivalent at his/her institute. Published study involving use of any gene transfer vectors prepared at the FSU Viral Vector/Editing Cores must acknowledge the Vector Core. The PI will provide the Vector Core with a publication record. Gene transfer vectors prepared by the Vector Core are not for application in human beings. Both FSU University, and the Vector Core shall not be held liable for any outcome in connection with use of the vectors by the PI. | | | |
