College of Medicine
Family Medicine Residency Program at
BayCare Health System (Winter Haven)

Nate Falk, MD, MBA, CPE, CAQSM, FAAFP Founding Program Director

Bio

Hometown	Apple Valley, MN
Residency	Offutt Air Force Base/University of Nebraska Medical Center
Fellowship	Sports Medicine – Uniformed Services University, Washington, DC
Medical School	University of Nebraska Medical Center

Personal Note

Originally from the frozen tundra of Minnesota, I attended St. Olaf College in Northfield, MN where I sang in their world renowned vocal music department. After a brief stint selling cars and a couple years teaching high school in the Twin Cities, I had the privilege to start medical school at the University of Nebraska College of Medicine, graduating with honors in 2007 and staying on to complete my Family Medicine Residency. Having been a life-long athlete, Sports Medicine was my dream and after residency, I went on to do a Sports Medicine Fellowship at the Uniformed Services University/National Capitol Consortium Military Sports Medicine fellowship in Washington, DC. When not at work I enjoy basketball, vocal and instrumental music, and spending time with my wife and our three kids.

I have served as faculty in two unique residency programs in Nebraska and Florida and it is my honor serve as the founding Program Director for the Family Medicine Residency in Winter Haven. Working together, we will accomplish our mission to bring outstanding Primary Care to this high need area of Central Florida.
