Ice Cream Day

Residents received a special ice cream treat from Program Director Dr. Kroker-Bode for successfully completing the American Medical Association | Graduate Medical Education modules

assigned annually by the GME Division to each specific program-level resident.

Thank you for doing a great job getting those done timely.

GME Wellness Sub-Committee

Cookies, Cakes and Candy Canes; oh my!

It is that time of year -- the holidays. Despite the spirit of the holidays being one of joy and happiness; stress, depression, and unhealthy habits increase during this time. This is especially true for those who have to work and may not be able to spend the time they would like with loved ones or doing what they enjoy. Residents are no different. Therefore the wellness committee would like to share some tips to manage stress during the holidays: [Article](#)

Remember there is no holiday from self-care! If you need support, reach out to a friend, your advisor, or a professional. Have a wonderful holiday

season, and above all be safe!
