Residency	Akron City Hospital/Summa Health Systems, Akron, OH
Title	Family Physician, Core Faculty

PERSONAL NOTE

After serving as a faculty member in a family medicine residency program in Youngstown Ohio for 15 years, family and the love of the outdoors brought me to SW Florida. I was excited to help start a new residency program from the ground up. I am proud of the great residents we have recruited and trained, and happy to provide them with a nurturing and stimulating learning environment.
