We recognize Drs. Jackie Hidalgo, Katie Dixon, Hannah Schrubbe, Ariel Felix, Kristen Noud and Renee Wong, as well as fourth year medical student Efe Cudjoe, for their participation in the PACE Center for Girls' annual health fair. Our faculty and residents discussed various subjects with the girls including healthy weight, women’s health, glucose education and stress management.

Dr. Kristen Dimas recently spoke during Meet the Kids Day, which is the first day of the Naples Wine Festival. As a recipient of scholarships from The Immokalee Foundation and The Guadalupe Center, she was invited to share her life story about growing up in Immokalee and eventually joining the faculty at our residency program. The little girl in the photo is from Immokalee, and told Dr. Dimas that she wants to be a doctor one day too!

This year was the 20th anniversary of the Naples Wine Festival and they surpassed their fundraising goal, raising over $20M! We are so proud that Dr. Dimas could represent our program at this event.
Most residents and core faculty have completed the ACGME survey, but we have a few who are yet to complete it. Please check your emails for a message from DoNotReply@acgme.org and follow the instructions. It is of utmost importance that we all respond to this survey!

Living Well

The secret to living well and longer is: EAT HALF, WALK DOUBLE, LAUGH TRIPLE and LOVE WITHOUT MEASURE.
