Courtney Tobol, Lindsay Hebert and Harry Cousin are recognized for their exceptional care of a severely ill patient this past week in our Babcock Ranch clinic. They handled the situation with a calm, caring and professional demeanor, and were able to get them transferred to the Emergency Department in a timely fashion.

Congratulations to Dr Jennifer Dalrymple on receiving the Life Saver award from the Patient Outreach team. Dr Dalrymple’s assistance was needed to clarify a diagnosis, and she responded promptly with a nice note. Thank you so much for your teamwork!

Drs. Spradling, Sitar, Pizzutto, Cavanagh and Gitu are recognized for representing our program so well at the Florida Academy of Family Physicians’ Winter Summit this past weekend. We even met with one of our former residents!
Please remember to sign yourself, your friends and family up for the American Heart Walk. The walk will be on Saturday December 14, 2019 starting at 8 am at Centennial Park, 2000 West First Street Fort Myers, FL 33901.

All providers are reminded to always use the EPIC Supersets when completing Medicare Wellness visits. This will help us to complete all the requirements of these important visits, and to bill appropriately for them.

Stress Less

10 TIPS TO STRESS LESS

- Take a step outside
- Plant positive thoughts
- Laugh each day
- Just breathe through
- Take fun breaks
- Practise patience
- Offer a helping hand
- Close your eyes
- Make time for exercise
