Meet our Faculty

Dr. Niharika Suchak, Associate Professor, of Geriatrics, Florida State University College of Medicine

Dr. Suchak serves as a geriatrics consultant providing health assessment and management recommendations for older adult patients. Her goal is to make FSU SeniorHealth at Perry a partner with the patient and primary care physician in optimizing the patient’s health and wellness.

Her Role Includes

- Conducting initial and periodic comprehensive evaluations;
- Developing an integrated care plan;
- Recognizing, investigating and making treatment recommendations for geriatric syndromes;
- Reviewing and recommending preventive care interventions;
- Improving adherence to lifestyle changes;
- Improving patient self-management skills; and,
- Providing patient, family, and caregiver education.

FSU SeniorHealth is open two Fridays a month from 9:00 a.m. - 4:00 p.m. at 555 North Byron Butler Pkwy.
For more information, please phone (850) 223-5450.
