Christian Psychiatrist needed for Medical Director Role!

Honey Lake Clinic Mission Statement

Honey Lake Clinic is a non-profit organization (501c3,) created to glorify God, in the name of Jesus Christ and the Holy Spirit, through the psychological and spiritual renewal of each individual to achieve their God-given potential and live fully transformed lives of joy, peace, forgiveness, freedom, meaning, purpose, and fulfillment through world-class Christian Mental Health and Substance Abuse treatment.

Program Description

Honey Lake is Joint Commission accredited and licensed by the State of Florida to provide Detox, Residential Level 1, Partial, and Intensive Outpatient Services at a 600-acre converted 5-star resort in Greenville, Florida. Situated 45 minutes from Valdosta, Georgia and 45 minutes from Tallahassee, Florida the clinic's location is the perfect mix of city and country!

Open Position: Medical Director, Psychiatrist

Summary:

As the Medical Director, you will oversee all of the psychiatric treatment components of patient care and work with the interdisciplinary team to ensure provision of complete psychological service delivery for the patients at Honey Lake. We are seeking a candidate to provide direct psychiatric services as well as guide and assist the Advanced Registry Nursing staff in delivery of care.

Responsibilities and Duties:

Essential functions of this position are listed below. This position may include additional functions related to the scope of services as needed and/or assigned by the CEO as well as those defined by Florida Statute 400.9935 and 456.057.
Assists in achieving the goals set in the Mission Statement by:

- Evaluating medical and psychosocial conditions of patients by interviewing patient, family, and other persons; conducting physical examinations; observing behaviors; reviewing medical history and related documents; selecting, administering, and interpreting psychological tests; ordering laboratory tests and evaluating results.
- Developing and implementing treatment plans by determining nature and extent of cognitive, emotional, developmental, social, and behavioral disorders; establishing treatment goals and methodologies.
- Treating patients by utilizing psychotherapeutic methods and medications; discussing progress toward goals with patients; providing instructions; monitoring effect of medications; supervising staff provision of services.
- Maintaining interdisciplinary treatment by reviewing treatment plans and progress; consulting and collaborating with mental health therapists, nurses, and other health care providers.
- Assuring quality and safe service for patients and staff by enforcing policies, procedures, standards, rules, Joint Commission for Accreditation of Health Care Organizations requirements, and legal regulations.
- Improving staff competence by providing training and discussions regarding the relationship between psychosocial and physiological problems, psychotropic medications, crisis intervention, and related issues.
- Maintaining historical records by documenting symptoms, medications, and treatment events; writing summaries.

Psychiatrist Skills and Qualifications:
